### TRIMMER TIP OF THE MONTH

Kee R&D has several tips on the 2004-09 Nissan 350Z Convertible Top # 4096. There are several Technical Service Bulletins (TSB) on the 2004-09 Nissan 350Z. They address the following issues:

- 1) Top will not fully fold down into storage area.  
**Tip:** Replace elastic straps and convertible top seal
- 2) Top comes too far forward and is hard to latch  
**Tip:** Check latch socket cover and latches. Also check and adjust top forward movement
- 3) 5<sup>th</sup> bow moves forward not allowing the top to close  
**Tip:** Lubricate the 5<sup>th</sup> bow and twist auto-closure wire back into motor

More detailed instructions are included with your new Kee top. Keep in mind we provide FREE tech support and are glad to answer any questions.
